## QUALITY POLICY

### 1. PURPOSE

The purpose of this policy is to outline the commitment of Advanced Technology Products Pty Ltd (ATP) to being the leading supplier of effective and technology-based life and asset safety solutions.

### 2. OBJECTIVE

Our goal is to maintain the highest standards of quality in all business practices and operations in compliance with the requirements of ISO 9001:2015.

### 3. COMMITMENT

We are committed to continually improve our Company performance, while offering our customers quality products and services. To achieve this, ATP aims to:

- Meet or exceed customer expectations by delivering a consistently high standard of products and services;
- Commit to, comply with and continually improve the effectiveness of our quality management system;
- Provide the necessary resources, direction, supervision and support to ensure our personnel are able to perform their tasks to a high standard;
- Thoroughly document our processes and subject them to periodic review to ensure the appropriateness in achieving and delivering our Company's quality aims;
- Measure objectives and targets to evaluate our performance; and
- Promote our Company's objectives and targets to all employees and encourage personal responsibility in participating in our quest for continued quality assurance.

Each employee at ATP contributes to achieving these targets and the maintenance of our philosophy of continual improvement, ensuring a highly professional level of service to all of our clients.
